

Father I am Weary

Key: **G**

G
Father, I am weary
G/B C
I feel stretched and I feel spent
G/D
My patchwork patience faded now
And frayed
C
Worn down by discontent
G
So wrap Your arms around me
G/B C
In a father's firm embrace
G/D
I'm here just as You found me
Once again
C
I'm in dire need of grace

Em G/D C
How long, How long Oh Lord

G
Jesus, I am worried
G/B C
I feel anxious, ill-at-ease
G/D
My troubled mind is tap-dancing away
C
In impatient search for peace
G
But You have suffered with me
G/B C
You have walked this mortal road
G/D
You know what it's like to live these
human sorrows
C
Can You help me with this load?

Em G/D C
How long, How long Oh Lord

G
Spirit, I am empty
G/B C
I feel broken and bereft
G/D
Still running on the fumes of yesterday
C
Lord, I've just got nothing left
G
So won't You come and fill me?
G/B C
Like in the days when we first met
G/D
I know You're always with me,
You never left
C
It's just that sometimes I forget

Em G/D C
How long, How long Oh Lord

Em G/D C
Still I will trust in Your unfailing love
